

# Kenthurst Public School School Song

In the early days of settling  
Little Dooral was its name  
Now our district is called Kenthurst  
May we strive to bring it fame.

Midst the farms and orchard dwellers  
Kenthurst pupils we  
Will be honest, true and loyal  
To our school and our country.

In the time that we will be here  
We shall try our best to show  
In our work, our play, our friendship  
What we believe and what we know.

Through our lives, fond memories cherish  
Of the school from whence we came  
Proud that in this great and free land  
We have learned and played the game.
