

## TERM 2

### OFFLINE GEOGRAPHY ASSIGNMENT IDEAS

#### STAGE 2 AND 3

*Work through these Geography Assignments. You can complete as many as you want to.*

#### **1. Map Your Senses**

Plot an unusual, but safe, route on a map of your school or surrounding area. Use a journal to take notes on the things you see, smell, hear, touch, and taste along the way. Take photographs if you can. Then use art supplies to create a sensory map of your community. Be creative! Use pens, pencils, paint, construction paper, pictures, or any other materials.

#### **2. Food Investigation**

Get the recipe of your favorite family food and find out what herbs and spices it contains. On a map, find the countries that produce those herbs and spices. Do some investigating to find out more about these countries. What kind of climates do these places have? Could you grow the same spices where you live? Why or why not?

#### **3. Neighbourhood Map**

Create a map of your neighbourhood *without* key map elements, like a compass rose, labels, and a key. Then have a family member or friend try to use the map to reach a particular destination. Talk about the ways in which the map was difficult to use.

#### **4. Make a Papier-Mâché Globe**

Use newspaper strips and a balloon. Use coloured paints to show land and water and add borders and labels.

#### **5. Make a Flag**

Country flags are designed to represent the history or ideals of a country. Design a flag that represents you—you can model it on your heritage, favourite activities, sports, animals, or family.
